BRAND PROTECTION: INTERNET

The background is a solid teal color. Overlaid on this are several faint, white line-art icons and a large globe. The globe is positioned on the right side of the image, showing the continents of North and South America. To the left of the globe, there is a network of interconnected dots and lines, resembling a web or a data structure. Various icons are scattered throughout, including a lightbulb, a smartphone, a cloud with a downward arrow, a magnifying glass, and a person icon. The overall theme is digital technology and brand protection.

BRAND PROTECTION: INTERNET

We would like to recommend our online brand protection program

If there is a possibility of physical identification of the offender's business, a monitoring group may be sent to the place, and the violation will be fixed in order to completely stop the activities in retail.

You will receive a monthly report on the work performed with systematic statistics of violations by sort of goods and channels of implementation for the reporting period.

Cost and conditions of this service depends on keywords/brands number for monitoring and Internet sources blocking.

PROJECT PLANNED RESULT

PROJECT PLANNED RESULT:

- Notification to all market players about the inadmissibility of infringement of the client's exclusive rights;
- Creation of public understanding: The amount of the financial risks borne by a potential infringer is higher than any possible profit. Distributing of counterfeit goods becomes economically unreasonable;
- A dozens-fold decrease in the share of counterfeit products in the market to the minimum allowable limits.
- Brand image improvement. Brand under protection is more competitive and more attractive for potential partners and final customers.
- The growth of customer loyalty.
- Growing of sales in legal distribution channels.

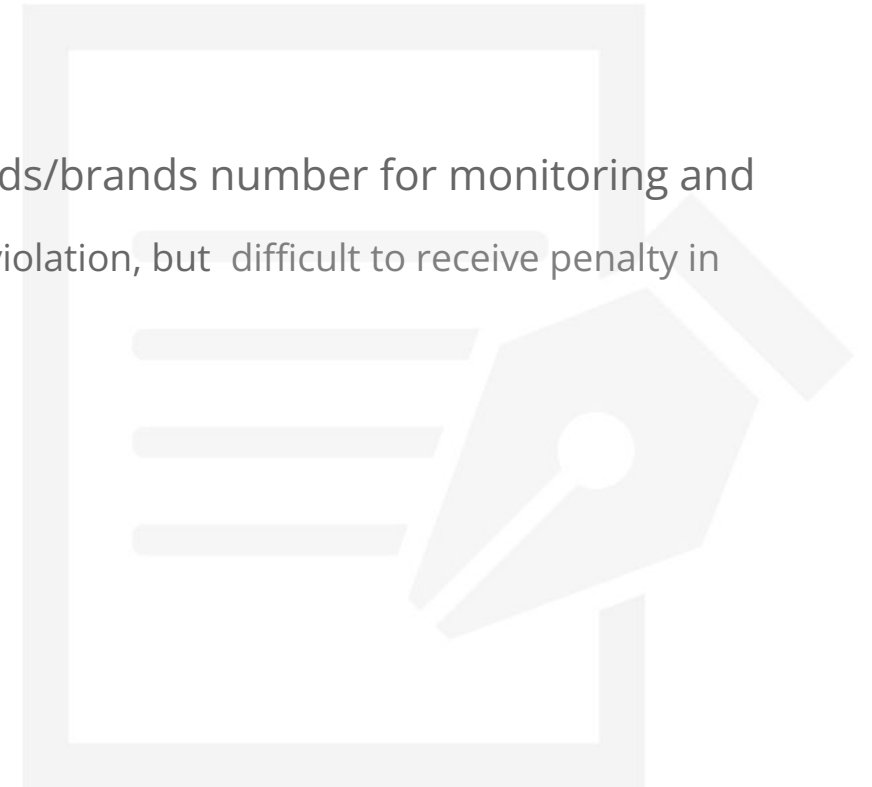

PLANNED PROJECT FINANCING SYSTEM

PLANNED PROJECT FINANCING SYSTEM

- Depending on the monitoring results, we can offer various models of financing the project, including partly self-financing by funds received as penalties from IP violators.
- Order our free service monitoring and will receive a personal proposal for the comprehensive project for your brand protection.

Cost and conditions of protection project in **Internet** depends on keywords/brands number for monitoring and Internet sources blocking. (It cost some money for clients, because we can stop violation, but difficult to receive penalty in Internet).
